These table tops basically require no maintenance and can remain outdoor all year round. Compact laminate will naturally fade slightly at the edges over time. In order to maintain the deep black color, the edges can be freshened up by rubbing linseed oil on them. It is recommended to store your furniture under covers in winter or when not in use for long periods of time.

FAUX WOOD

Our faux wood is made of plastic that is UV resistant, waterproof and colourfast. Therefore there is no need to use any conditioner or wood preservative to keep it nice for many years. It is almost maintenance free and easy to clean, you can use a soft rag with a mixture of dish soap and warm water. If needed, a soft brush can be used to loosen any dirt and debris from the surface.
